Financial Policy

It is the policy of this office to extend to our patients the courtesy of allowing you to assign your insurance benefits directly to us and to bill them for your care. While this policy reduces your out-of-pocket expenses, certain requirements remain your responsibility.

Insurance benefits vary from company to company and policy to policy. Although we will file your claim on your behalf, you will remain personally responsible for payment of all services rendered.

Cash Patients

All payments are expected at the time of service unless PRIOR arrangements have been made.

Insurance Patients

The privilege of insurance assignment begins when your insurance information is received and verified by our office and the Assignment of Benefits statement has been signed.

All deductible amounts must be paid prior to insurance submittal, a requirement of your insurance company or Medicare/Medicaid (spenddown).

Our office will verify your insurance benefits in an effort to determine exactly what coverage is available to you under your particular policy. You are responsible for monitoring any limits your policy may have, such as the number of visits, pre-certification requirements, noncovered services or maximum dollar amount that is covered.

All co-insurance and co-payments are payable at the time of service. A coinsurance is any part of our service that is not paid by your insurance.

Texas law requires insurance companies to respond to claims within 45 days. If your insurance company has not responded to a claim within 45 days of submission, you are responsible to take an active part in the recovery of your claim. After 60 days, you will be responsible for payment in full for any unpaid balance.

From time to time, we experience difficulty in collecting from insurance companies. If this occurs on a regular basis, contractual insurance assignment with that company may be terminated. We will give you ample notice and ask that you act on your own behalf with your insurance company under such a circumstance.

This office does not promise that an insurance company will pay the usual and customary charges of this office, nor will this office enter into any dispute with an insurance company over reimbursement limits set by that company. You will be responsible for payment of any amount which your insurance has determined to exceed their usual and customary benefit, unless we have a contractual agreement to accept that amount.

Should you discontinue care for any reason other than discharge by the doctor, any and all balances will be due and payable within 30 days.

All Patients

A returned check charge of \$25.00 will be assessed for each check returned by your bank for any reason.

A finance charge of 1.0% monthly (corresponding to a 12% APR) may be added to all patient balances remaining after 30 days of patient responsibility. No fee is charged if the balance is paid in full within 30 days.

A Billing Fee of \$5.00 may be added to all patient balances for each monthly statement generated after 30 days of patient obligation.

Accounts more than 90 days past-due are considered delinquent and may be forwarded for collection and credit reporting. As a result, you will be liable for all collection and/or attorney's fees and court costs.

Understanding and Agreement

I have read and understand this policy and agree to the terms set forth. I authorize and assign direct payment of medical benefits from insurance, attorney, or third party payer to South Texas Urology and Urologic Oncology, PA. I authorize the release of any medical or financial information necessary to secure payment for services rendered. I understand that I am personally responsible for ALL charges whether or not paid by insurance, attorney, or other third party payer.
